Subject: Message to Werth Tower Residents

Hi Werth Tower Residents,

I hope you are all doing well and had a relaxing weekend. I am e-mailing you all today to provide an update regarding the communal bathrooms and resident usage. As a student, living in Werth Tower, you should use any bathroom that affirms your gender identity and you feel comfortable in. Gender identity is defined as follows: each person's internal and individual experience of gender. There are many different gender identities, including, male, female, transgender, gender neutral, non-binary, agender, pangender, genderqueer, two-spirit, and all, non, or a combination of these. Please note that no one will be documented for utilizing the restroom that affirms your gender identity.

For more information please visit Home | Rainbow Center (uconn.edu) or reach out to the One Summer Staff.

Best,
