

Campus Update 2-5-21

Subject: Bias Incident Community Meeting Notification

Dear Residents of Hanks 3rd Floor,

On January 30, 2021 there was an incident that occurred where a racial slur, specifically the n-word, was used repeatedly. The university is considering this incident to be bias related in nature. This type of behavior is directly against the University of Connecticut's values of striving to create a safe and inclusive community for all students.

A bias-related incident is an incident that negatively targets, intimidates, or threatens an individual or group due to race, ethnicity, ancestry, national origin, religion, gender, sexual orientation, gender identity or expression, age, physical, mental, and intellectual disabilities, as well as past/present history of mental disorders. This includes, but is not limited to, graffiti or images that harass or intimidate individuals or groups due to the above characteristics.

We will be having a community meeting on Tuesday February 9, 2021 at 4:30pm via Webex to discuss the impact this incident had on the community. The link for this meeting will be sent out earlier in the day on the 9th. While this is not mandatory, we do expect that you all have an active part in building an inclusive community and hope that you can come to support members of your community who may have been negatively affected by this incident.

This meeting is the first step to helping rebuild trust within our community. But as you move forward in immersing yourself in the community, please keep in mind that small actions have a major impact. We can be proactive and not reactive to situations like this by making the following changes in our daily behaviors: Hold your peers accountable for their decision; if you see something, say something. To your RA, or your Hall Director; Remind your guests that you are responsible for their behavior and that you will not tolerate acts within your community.

When situations like this occur, it is important to not only take a stand against the bias action, but also to educate on why the incident can be viewed as offensive and harmful. Our goal in Residence Life is to not only educate the people involved in incidents such as these, but the community as a whole to try and help everyone have a deeper understanding

of how all forms of bias impacts us all. In preparation for our meeting, please watch the following videos as we will be using them to drive our conversation:

If you encounter any other bias related incidents within the community, please do not hesitate to report it through the [bias reporting form \(https://dos.uconn.edu/bias-reporting-2/\)](https://dos.uconn.edu/bias-reporting-2/). If you have any questions or concerns about this incident or meeting, please reach out to your RA Aaron, HD Victoria Clark, or myself. I hope to see you on Tuesday.

Thank you,

Blake Sherman, M.Ed.
